3. Varnsdorf (051/ F 87). There were about 800 EM, mostly recruits, stationed in the town at the beginning of January 1953. On 5, 6, and 7 January 1953 about 200 recruits arrived with rifles and equipment daily by train and were accommodated in the former old hospital.** Groups of EM, each about 30 men strong, were conducting basic drill within the town area. Infantry NCOs were in charge of these groups.
4. Caska Kamenice (051/ F 76). On 10 January 1953 about 400 soldiers arrived with rifles and personal luggage at the local railroad station. They were met by four lieutenants with red-piped gold epaulets. After assembling the whole group marched away in the direction of Jetrichovice (051/ F 67). According to local railroaders, similar groups of soldiers arrived daily since the beginning of January. There is a rumor that the villages Jetrichovice, Limpach (051/ F 76), Studena (051/ F 77), and Rynartice (051/ F 67) were, or are being, evacuated for military use. The Balzhutte hill (051/ F 67) and its environment is included in a prohibited military area.
